## Access to e-resources

To access the [e-resources](#) you will need to be logged in to the internet via your university's network.

To get access to the VPN or a Wi-Fi network, please contact your university, [Flensburg University of Applied Sciences](#) or [Europa-Universität Flensburg](#).

### At the Campus Library

As a member of the Flensburg universities you have Wi-Fi-access in the library building and in the [STUDYbox](#).

Depending on which university you belong with, the access to e-resources may vary.

In addition, all library users may use the [internet workstations](#) in the reading room free of charge. Unrestricted access to the entire range of e-resources is only available at these workstations.

### On campus

Wi-Fi is available in and around the campus buildings for all members of the Flensburg universities.

Depending on which university you belong with, the access to e-resources may vary.

The ZHB recommends the use of the eduroam WLAN. You can download the necessary software [here](#). Your university will provide you with the necessary access information. Please note that a VPN connection may be necessary.

### Off campus

When you're off campus you will need access via VPN (Virtual Private Network). Contact your university for more information on how to do this.

**Depending on which university you belong with, the access to [e-resources](#) may vary.**

Members of the Europa-Universität Flensburg may also use Shibboleth for authentication. You can find more information [here](#).  
Note: **not** all E-resources are available via Shibboleth.

## Technical support:

### ZIMT-Servicedesk

Tel.: +49 461 805 2112  
[zimt-service@uni-flensburg.de](mailto:zimt-service@uni-flensburg.de)
