Academic Writing

Academic Writing

In addition to the courses offered by the Campus Library, seminars and workshops on academic writing as well as writing consultation for the participants of these classes are offered at the Campus Library: <https://hs-flensburg.de/go/textlab>.

Seminars such as "Introduction to Academic Writing" serve to prepare students for academic text production. A training course with a writing workshop assists the students in "How to start a thesis" (winter/summer school). Once a week a text and writing workshop offers the possibility to submit your own topic, outline or even draft proposals and to discuss further questions.

See the comprehensive overview of all seminars and workshops offered by FUAS and EUF on Academic Writing below:
