ZHB Intro: Guided Library tour for beginners

Get to know the numerous services the Flensburg Campus Library has to offer as a place for studying. A guided tour will introduce you to the most important features and facilities. We warmly recommend this tour to all new students.

The following topics will be covered:

- How do I register?
- Where are the group work rooms and the photocopiers/printers?
- Where can I find the course reserves?
- How do I log in to the internet workstations?

The tour lasts: 30-45 minutes

Meeting point: in the lobby at the service desk

There is no need to sign up for the guided tours. Please select one of the dates offered and just come along. Participation is free of charge. For classes, seminars, tutorials, etc. we can offer a library tour upon request. When scheduling, please give notice at least one week in advance.
