## Scan2USB

The new KIM copiers also feature the scan-to-USB function. Furthermore, you can [print](#) directly from the USB stick on the device itself.

You will need an SD memory card or USB flash drive to save scanned documents in PDF format.

The copy rooms are located:

- › in the second floor north,
- › in the first floor north,
- › and in the basement south.

More information about the new copying system KIM is available [here](#).
